STANNAGE . 28/29 MAY.

Colin Hobday

As this is a very popular local crag, I'm hoping to see the Oread's in force.

Camping will be at North Lees Farm about  $\frac{1}{4}$  of a mile west of the farm down by the stream.

This is a Welbourn private camp site, and John has given the club special permission to use this area as long as no 'Latrine trenches' are dug!

WASTDALE (WHITSUNTIDE MEET) 4/6 JUNE

Derek Burgess

Camping as usual at the end of the lake. For the benefit of those who have not camped there before, it is the first track on the right after passing the lake; there is no need to ask permission to camp - the farmer will be round for your bob's in the morning. It is usually possible to obtain fresh milk from the farm near Brackenclose (the Fell and Rock hut) if required. This meet is becoming traditional so let us see if we can have as good a turn out as last year.

Transport will be by private cars, those offering or requiring seats, see me in the 'Bell'.

MARSDEN-ROWSLEY. JUNE 26-28th.

TONY SMITH,

The Marsden-Rowsley will follow the now almost traditional route. The train leaves Derby at 7.2 p.m., (change at Manchester), and arrives at Marsden about 11.8 p.m.

I have in mind a derelict house as a Bivvy for the Friday night, some half mile S.E. of the Isle of Skye Inn.

Ten beds have been booked for the Saturday evening at the Barnsley M.C. Hut, but the entire Hut may be available. The Hut may provide a convenient rendezvous for Saturday starters and also for those overcome by fatigue and thirst.

Non-walkers, possessing transport and willing to lighten our loads for the last lap, will be very welcome, either at the Barnsley Hut or somewhere along the edges.

There is a train to Derby from Rowsley about 7.0 p.m. on Sunday.

NEW MEMBER.

Stan Coates, 4 Winster Ave., Carlton, Nottingham, has been proposed for Membership of the Club. Members who have climbed, or undertaken other activities with him, are invited to communicate their views on his suitability - in writing - to the Hon. Sec. immediately.

Members are reminded that Subscriptions are now due. Laurie Burns states that only 25% of the Members have paid up for this year, and apart from the fact that this causes considerable financial difficulty in running the Club, it also puts a lot of additional - and totally unnecessary - work on Laurie's shoulders, so please pay up now before you receive an "or else" letter.

HIMALAYAN EXPEDITION, 1960.

A letter has been received from Keith Miller, Secretary of the East Midlands Himalayan Expedition 1960 inviting application from Club Members who would be interested in going on this expedition. Briefly, the cost per Member would be about £700, of which £100-£130 would have to be contributed by the applicant. It will take place from late April to early August, and will be primarily exploratory in nature, although peaks over 20,000 ft. will be attempted, including K12. (Pettigrew says this is near K36.)

Ray Handley is holding the correspondence. If you are interested, see him
