

OREAD MOUNTAINEERING CLUB

MEETS CIRCULAR

AUGUST 17th-19th

WORKING PARTY  
RHYD-DDU

P. GARDINER.

A considerable amount of work still remains to be done at the hut, particularly the completion of weather proofing. The main outstanding job is the replacement of one of the gable end barge boards and it is the intention of the Hut Sub-Committee to get this done on the above dates.

The lounge decoration needs a brighten up and painters and paperhangers are therefore required.

Other jobs are as follows:-

- i) Rendering of end wall in bathroom.
- ii) Strengthening of working tops in kitchen. (Damaged by people sitting and kneeling on them.)
- iii) Plaster repairs and pointing on stairs and landing.
- iv) Extension of food racks.
- v) External painting of back door, boiler room windows, gutters and down pipes.

If you can spare one week-end in the year to help maintain YOUR property your assistance will be greatly appreciated by the Hut Sub-Committee.

Remember - no hut fees for workers!

INDOOR MEET

TUES. AUGUST 28th/7.30 pm

FILM SHOW

St. James Hotel

Ray Handley has been fortunate in being able to borrow from P. Biven a series of 16 mm cine films of rock climbing in Cornwall and the Dolomites. As they have to be returned before September the LOUIS ROOM at the St. James Hotel has been booked on the above date from 7.30, the show to start at 8 pm PROMPT. The films are said to be very good and as well as ordinary climbing, depict several artificial routes and some very interesting bathing scenes. It is to be hoped this very early indoor meet will be well supported; a programme of indoor meets is to be published in the near future.

---

To all members who have not yet had their holidays, may I say "good climbing and good weather". The weather incidently, has as yet been good in the Alps and many British parties are making some good ascents, especially around Chamonix.
