

Well, the Fell Race is over again, and we can now get into training to be thoroughly unfit for the next Dovedale Dash! I know those of us who took part would like to say thank you to Nat, Derek and Pattie Carnell, the checkpoint marshalls and the ladies who made tea (especially the ladies who made tea!!) and all other helpers and brave souls who were good enough to turn out to cheer. Thanks!

MARCH 18/19

J DRAPER

After a dutiful start to the month, with the AGM and work party weekends, this is your chance to relax and have a bit of fun before the exertions of Easter. Writing this in early Feb, I'm not sure what form the fun will take - anything from deep snow & blizzards on Kinder to basking in warm spring sunshine on Birchens seems possible. Anyway, whether it's ice-axes or PA's, we should have some powerful thirsts to quench, and as prevention is better than cure, I shall be in the pub (Wheatsheaf) on Friday evening - see you there.

LINN OF DEE - S. CAIRNGORMS

EASTER

MARCH 24/31

G GADSBY

Over the years the Oread have held several meets at the Linn of Dee - the last official one being Easter '72. Six years is long enough and I propose to revisit this delectable corner of the Cairngorms, hopefully it will not have changed too much.

Camping will be 6½ miles W. of Braemar at the Linn of Dee - cross the bridge over the Dee and camp on the R. in trees between the road and river. Facilities are few but there's a toilet (one seater) from which with luck you can see deer grazing. Another, more important facility is the nearness of Mar Lodge, a friendly place - magnificent fireplace and bar and real Highland atmosphere. (Let's hope it's still the same.)

The Linn of Dee is the beginning of 3 important routes through the Cairngorms. There's the Lairig Ghru route via Derry Lodge to Aviemore and then the Glen Feshi and Glen Tilt tracks. The main peaks are Ben Macdhui 4300', Braeriach 4248', Cairn Toul 4241', Devil's Point etc. can all be ascended from the camp, but will entail early starts and strenuous days, unless one uses Corrour Bothy in Glen Dee or the Shelter Stone, Loch Avon overnight. Nearer are Beinn A'Bhuird 3924' and the ridge to Ben Avon, and magnificent Lochnagar is around 20 miles return from Braemar. There is good skiing at Glen Shee, good snow & ice climbing in most of the corries & good mountain & forest walking everywhere - something for everyone - all we need is the weather - see you there.

ROCHES

APRIL 9TH

B STRIKE

It has been suggested that as this meet is so close to Easter, it would be preferable to make it a one-day 'do'. I checked on the write-ups from previous years and am left with a strong suspicion that the same one is used each time! Anyway, most of you know that there's good walking whilst you await your turn to lead the Sloth or Valkyrie. You may even see a wallaby - but remember that "tie me kangaroo down sport" is illegal and may damage your health. See you there Sunday morning (early of course). I'll be the one lurking round the base of the crag looking for top-ropes up diff's.

HEATHY LEA WORK PARTY

APRIL 15/16

P O'NEILL

Work to be done includes general maintenance on the cottage and barn. Any spare time will be fitted in on work on the top barn, at present unused. Please see me if you will be there, and I will co-ordinate what tools need to be taken.

PRESIDENT'S MEET - TAN Y WYDDFA

APRIL 22/23

C HOBDAV

With the passing of winter (we hope) all ice axes, crampons and ski's cleaned and packed away, one's thoughts turn to spring and warm rock (not Hudson). To put this into practice the use of our Five Star Welsh Hut facilities will be made. On Sat. I propose to climb on the Moelwyns, the crags offering routes to suit all tastes, and to round off the day with a few beers in Beddgelert. Sunday, walking or climbing depending on what takes your fancy. Bookings, transport etc. to be arranged at the 'Mon' the Tuesday prior to the meet.

K Bryan Indoor Meets Sec.

My apologies for the fact that the typing of this circular leaves something to be desired - I'm wrestling with a loaned typewriter (metaphorically, not literally, though that would account for the standard). At present, it's Forty- Love to this beastly typewriter, but I'm not beaten yet. Miss Strike to serve...

Results of Fell Race are overleaf.
