Dow Crag

August 9/10

Here's your chance to sample some of the delights of one of the best mountain crags in Lakeland. It contains some marvellous classic routes of every standard, so dig out your boots from the garden shed and dust off that forgotten rope in the loft and let's have a good weekend. If you don't fancy climbing, there is an abundance of good walking around the Coniston Fells.

I've booked the Lancashire Caving & Climbing Club hut "Tranearth" near Iorver G.R. 281957 which accommodates approx. 30 folk.

Leave cars in the car park on the left of the track, situated approx. 100 yds above Crook Farm just past the first gate. Please do not attempt to drive up the track to the hut. (15 min. walk).

For lifts, beds etc. ring me on Derby 832467. See you in the Church House Inn, Iorver, Friday evening!!

Black Rocks

August 13

Wednesday Night

After missing the Dovedale and Wildcat meets the Meets Secretary is proud to announce that he has found the back page of the meets list but due to a prior engagement will not be at this unmissable event.

Agden

August 16/17

Ron Sant

For those who have not been able to go to the Alps/ could not afford to go to the Alps/ weren't allowed to go to the Alps/want to wind down from the Alps, this is the ideal meet to savour the delights of an uncrowded crag in the Peak District.

The crag dosen't boast numerous E grade routes (not that they would mean much to the Meet Leader anyway) but the HS/VS bracket is well catered for. If you don't want to climb there are endless opportunities for walking, and as a last resort (or first, depending on your viewpoint) there is always the "Old Horns" in Bradfield.

The crag (G.R.264934) overlooks Agden Reservoir and can be approached through the village of Higher Bradfield.

For more information etc. please have word at the Rowing Club or on Melbourne 3579.

St Davids

August 23-25

Les Peel

Camping for this meet will be at Rhosson Farm G.R. 726252 at St Justinian. To find the site take the road marked St Justinian and lifeboat station. Just before you reach the sea there is a caravan site on the lefthand side of of the road the campsite is above the caravans. There is plenty of reasonable graded climbing in the area and splendid walking on the coast path etc..
