BRITISH MOUNTAINEERING COUNCIL
CLEAN UP CAMPAIGN

HIGHROAD

MAY 14th 1988

HighRoad is an attempt to put a person on top of every mountain in Britain over 3000 feet.

HighRoad is in aid of Intermediate Technology, the development charity which helps the rural poor of the 3rd world acquire the tools and techniques they need to work themselves out of poverty

To join in, ring the number below. If you can't make it to 3000ft then why not climb to the highest point in your county instead?

On The Day
People from all over Britain - experienced mountaineers, senior pupils from nearly 100 schools and T.V. celebrities will be taking the High Road in aid of Intermediate Technology.

Conservation
Besides raising money for the third world, participants will be clearing up litter from Britain's hill tops as part of the British Mountaineering Council's Clean Up campaign.

High Road has the enthusiastic support of:

David Bellamy
Richard Crane

APRIL 9-10TH

DERBYSHIRE

JOHN GRESTY

After Easter the weather always improves, so it's time to get out on the rocks and what better venue can you have than the Gritstone and Limestone Crags of Derbyshire. Why not make it a weekend meet and stay at least one night at Heathy Lea. It's an informal meet with members making their own arrangements. Greater the numbers, greater the chance of a good days climbing and then a social evening at the pub - say the Wheatsheaf on Saturday night. For details and some further thoughts contact me on Derby 518450

APRIL 23-24TH

WELSH SLATE

LISA WELBOURN

Why not come to Llanberis and try your hand at a few routes on the slate. Dyno-dynamically for a few nothing edges and cruise up a piece of cosmic rock (see glossary of teams in the Llanberis Guide).

But more seriously you won't have to climb EXTREMES to enjoy yourself and if slate is not your scene, we are staying in Llan Rug, so the 'Pass' is quite close. I've booked 20 places at the CHAMOIS M.C. HUT, situated at GR 532608. I'll have more information in the near future. For booking and further details ring me in the day at Notts. 418 248 ext. 2071, or at home Notts. 227994 between 6-7 o'clock, or at the Rowing Club.

APRIL 16-17th TAN-YR-WYDFFA WORKING PARTY HUT COMMITTEE

The major job for this working party is the refurbishment of the front bedroom (opposite the Oread room). This will of course reduce the sleeping places available. Therefore will people wishing to attend the working party please make sure that there are bed spaces available and that the hut is not going to be so full that this major job is not completed that weekend. Other jobs include painting the lounge, general Spring Clean, laying carpet etc etc. For information ring Chuck Hooley; Ashb'n 70463, or Colin Hobday; tel Derby 551594

APRIL 29-MAY 2ND CADER IDRIS HELEN GRIFFITHS

Instead of queuing for routes on Tremadoc, why not sample the more esoteric delights of Central Wales? Follow in the footsteps of the Oread pioneers of the 50's and 60's on Cyfrwy and Twr Du, or visit Cwm Cywarch, of Bird Rock. For those who don't want to climb, the walking (or scrambling) on Cader Idris, the Rhinog Ridge and the Arans is excellent and usually uncrowded. I shall be camping at Ty'n Ceunant (GR 687152) and I'll be in the Gwernan Lake Hotel (GR 704159) on Friday night. Guide books for the area are printed by West Col - Central Wales for Cader Idris and the Rhinogs, and Dolgellau for the Arans. Contact me at home (Derby 842293) or at work (Derby 249548) or at the Rowing Club on Tuesdays.
